EDITION

What the day *was*.

DATES	20–21 February 2024
VENUE	Hilton Dubai Al Habtoor City
SCALE	More than 1,000 delegates from 40 countries and 250+ companies, twice the 2023 attendance
WHO CAME	Russian and international exporters, MENA and Asian buyers, trading houses and brokers, logistics, freight and survey companies, banks, insurers and industry bodies
ZERO DAY	Networking grain cocktail with discussion of logistics, Red Sea risks, freight in the Black Sea, Mediterranean and Caspian basins, and liner services to Africa and Asia
ON THE AGENDA	Food security, Russian grain in global supply chains, exports to the Middle East and North Africa, external factors affecting Russian exports, and niche crops including pulses
ALSO DISCUSSED	Market access, settlement in national currencies, export logistics, financing, insurance and exchange-based grain trading
PROGRAMME	Four business sessions, the Grain Gala Dinner and a Dubai excursion programme

How it *ran*.

The second edition

The second Grain Forum was held at Hilton Dubai Al Habtoor City on 20–21 February 2024. More than 1,000 delegates from 40 countries and over 250 companies attended — twice the 2023 figure — across two working days.

The forum opened with Zero Day and its networking grain cocktail, where the conversation was logistics: risks in the Red Sea, freight trends across the Black Sea, Mediterranean and Caspian basins, and liner services running to Africa and Asia.

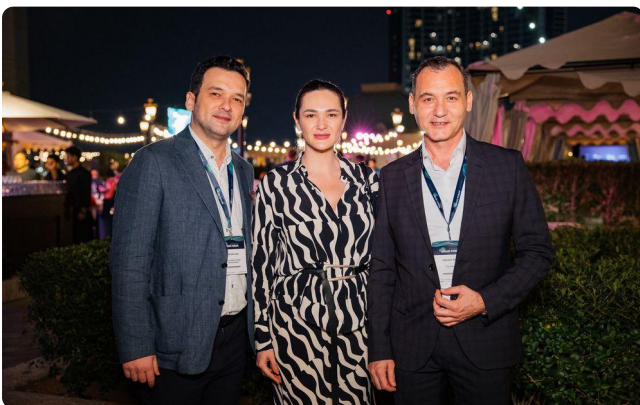

What was discussed

Four business sessions followed on the first full day, covering food security, Russian grain in global supply chains, exports to the Middle East and North Africa, the external factors bearing on Russian exports, and niche crops including pulses.

Around those headings ran a steadier set of questions: market access, settlement in national currencies, export logistics, financing, insurance and the development of exchange-based grain trading. Russian exporters and international traders worked through them together, with MENA treated as a principal sales region.

Why it mattered

The Grain Gala Dinner and a Dubai excursion programme closed the event. Doubling attendance in a single year confirmed Dubai as a working meeting point for Russian grain and oilseed producers and buyers from North Africa and the Middle East.

The series continues.

AGRIPEC runs grain, pulses and oilseed forums in Dubai, Istanbul, Cairo and Hong Kong. Each one is built the same way: a room of buyers and sellers who actually trade, a programme that stays on the market, and a delegate list you can work.
